Operating Instructions

SM-FT-2000-32

Do not operate the tool with the handles in the closed position.

Risk of pinch injury

SM-FT-2000-32

Ensure that the extension handles are folded out and fixed in the operational position prior to use.

STEP 1:

After hand tightening the band and buckle assembly, pass the tool over the excess and locate against the buckle. Squeeze handles together to tighten further.

STEP 2:

Trim off excess band using cutting blade.

Maintenance

Although fully corrosion resistant, clean and lubricate the tool regularly to maximise its working life, especially in salt water environments.
